ASKS \$5000 FOR FRACTURED LEG

An action for \$5000 damages has been instituted by Atkinson and Quaries, attorneys for Cyprian Freitas, against the Pioneer Mill Company, the allegation in the bill of complaint being that Freitas suffered severe injuries at the plantation of the Pioneer Mill Company on Maui.

The complaint states that on January 3 last Freitas was employed as a brakeman on a plantation train and, while acting under orders from the engineer, jumped from the train while it was in motion. According to the complaint, Freitas was run over and suffered a broken leg and "has at all times since said accident been wholly disabled from labor, has suffered great physical pain and mental suffering and anguish of mind and body by reason of the injuries so received."

Positions Changed.

Chief Justice Hartwell yesterday made announcement of the changes in the Judiciary department to take effect on the first day of the new biennial period. As already stated, the position of second deputy clerk held by Leslie P. Scott was abolished by the last Legislature and provision was made for two clerks and stenographers.

The Chief Justice's appointments make Miss Kate Kelly stenographer and clerk of the Supreme Court with some increase in her duties. Miss Katherine M. Cook is appointed assistant clerk and librarian at a salary of \$125 per month.

On Thursday, July 1.

Str. Claudine, Bennett, from Hawaii and Maui ports, 5 a.m.

A. H. S. S. Massachusetts, from Seattle.

Str. Iwalani, from Hawaii ports, 7 a.m.

Str. Ulunahela and Alexander K. Aona, formerly clerks in the department, are reappointed as assistants in the clerk's office at \$100 each.

Aona will receive the same salary as he did under the old order of things, while Ulunahela's salary is increased \$25.00. Chief Justice Hartwell stated that while there was \$75.00 a month available for a messenger he did not think it necessary to appoint one. He said that the amount could be saved, and it was his intention to do so along the lines of economy in the public service.

Notes of the Courts.

August 9 has been set by Judge Robinson as the date of hearing the petition for letters of administration on the estate of Carrie Marks Alexandre, a minor, by Augusta Jesus Monteiro.

Bishop & Company yesterday made return on the garnishee summons in the case of A. S. Humphreys against George B. Curtis, stating that no property or money belonging to the defendant was held by him.

A release of Martha Berger from further obligations as guardian of Minnie Berger was filed yesterday, the ward having attained to her majority, and stating that she is fully satisfied by the accounting rendered.

Over Thirty-five Years.

In 1872 there was a great deal of diarrhoea, dysentery, and infantile cholera. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-six years maintained that record.

Nine Chemists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. For sale by all dealers, Benson, Smith & Co., James Lacey, G. J. Dickey, and others.
